

MAK PROJECTS

BRICKS & MORTAR (BAM)

COUNTRY

Dakar, Senegal, West Africa

MISSIONARIES

Jane & Guy Penney, Phil & Judy Bowler, Paul & Paula Bradbury

COST

\$2 a brick

Our global workers on the ground in Senegal work tirelessly to reach the boys who live on the streets. In the past, Missions and Kids has been able to provide sandals for each boy and even Christmas parties for them. Because these boys are known to live on the streets of Dakar, Senegal, they are often undernourished, uncared for and have been abandoned by parents to lead a life of street begging.

They don't attend the traditional schools and have serious health and hygiene needs. We have been able to purchase property just outside the city where we are making plans to build a Centre for spiritual and professional training for these boys. There are also plans to build a church in this area. Step one is to build a wall around the property for protection from thieves and animals. Safety is important here in Senegal. This is where you can help us!

For only \$2 you can buy a brick and participate in this great BRICKS AND MORTAR project through Missions And Kids.

DONATE TO “MAK – Bricks and Mortar”

Mission and Kids (MAK) is the missions education program for children of the Pentecostal Assemblies of Canada (PAOC)
