MISSIONARIES

A partnership opportunity with ERDO (Emergency Relief and Development Overseas) caring for the critical needs of ChildCARE Plus children

COST

Will your church commit to **\$20 a month** to support this critical fund?

ChildCARE Plus gets urgent calls from our PAOC missionaries and others who care for our sponsored children when there are critical emergencies that require immediate medical attention... things like car accidents, snake bits, burns, malaria treatment and surgeries. Some of these children live in special homes because their parents have died, and others live with their parents or guardians in very poor conditions. One thing they all have in common is that they have no way to pay for medical treatment. That is where we can help!

For just \$20 a month your children can help other children who are in critical situations around the world.

Let's put our pocket change together to extend and enhance the life of a child in need.
