

MAK PROJECTS

MOSQUITO NETS

COUNTRY

Warm countries in places like Africa, Asia and Latin America and the Caribbean.

PARTNERSHIP

MAK/ERDO partnership

COST

\$23 per mosquito net

Every 30 seconds a child dies because of a mosquito or insect bite. Usually these children live in warm places like Africa, Asia or Latin and South America. Some insects and mosquitos in these areas pass on diseases when they bite. The number of children dying every day from these diseases is really tragic.

Even more tragic is the fact that many of the children CAN BE SAVED through the use of a simple mosquito net that hangs from the ceiling and covers them while they sleep.

Partner with us and help stamp out malaria.

DONATE TO “MAK – Mosquito Nets”

Mission and Kids (MAK) is the missions education program for children of the Pentecostal Assemblies of Canada (PAOC)
