- **A New Crop of Students:** Wisdom for creating new relationships for mentoring and favour to touch lives that are just starting out!
- **Church Ministries:** At present we have numerous invitations, including our first one to a retreat in France (very intimidating speaking French to the ...uh... French!). May God open new churches for us to minister in!
- **Finances, Again:** It's June again and in spite of our best laid plans, here we are in need. Pray that we multiply new partners to take this load off forever!
- **Big Class in August:** Over 20 students have signed up for **Spirituality and Theology** starting Aug. 20. Looking for anointing and wisdom as I prep and teach.
