Mountainside Church Summary:

Mountainside is a unique, multi-location church located in the Hamilton area, just an hour outside of Toronto. Our purpose is to make passionate disciples of Jesus who make new passionate disciples of Jesus. We do this by helping people follow the 4 steps of our discipleship pathway: Gather, Grow, Give-Back, Go.

Our first location was started in 2016 in Binbrook Village, a small community in the greater Hamilton area of around 12,000 people. Our Binbrook location is currently a portable church, and sets-up / tears-down in a banquet hall each Sunday. In 2022 we planted / re-planted our second location in Dundas, a community of around 30,000 people in Hamilton. We have a building in downtown Dundas where we meet and have a small office space.

Each of our church locations have around 125 people that we are tracking with our discipleship pathway. Our goal is to plant 2 additional church locations in the greater Hamilton area in the next few years and to always keep a fresh pioneering attitude.

Purpose of the Role:

As the Associate Pastor, your primary purpose is to help the Lead Pastor oversee Mountainside Church. This means that the role has a large mandate and could look differently depending on the week. Between our two locations, we have 17 staff roles which are all part time except the lead pastor. Since this role would be the only other full-time position, it is a generalist role and not a specialist type of role. You would primarily be working with the other staff and enabling them to do their jobs to the best of their abilities, while carrying out other key responsibilities within the church.

We Are Looking For Someone Who...
