

Week of March 30, 2020

Join us this week in praying for these specific needs in our nation, our world, and in our PAOC family of workers, both internationally and in Canada.

WORLDWIDE

Pray continually for God to intervene and stop the spread of the coronavirus which is causing the global COVID-19 pandemic. As of today, the virus has killed almost 34,000 people and infected nearly 720,000. Praise God that more than 150,000 people have recovered to date. May God heal those who are sick, and comfort those who have lost friends and family due to the virus. May He continue to protect and strengthen the frontline workers at hospitals, and other essential services, and open the way for them to have all the equipment and supplies they need to treat patients effectively. Pray also that the gospel will have many chances to spread and that people will turn to Christ, and rely on Him for peace and provision throughout this time of uncertainty.

Chelsea Wood VANUATU

Pray that the Lord will open the hearts of individuals throughout Vanuatu to step into a relationship with Him. May He bring additional medical professionals to work in the clinic and training facility, and may He continue to make it a place of healing and restoration. Pray also for Chelsea's health and safety as she ministers.

Zachary & Megan Wylie THAILAND

Pray for Zachary and Megan's vision and drive in their current work and responsibilities. Pray for favour and opportunity as they continue their partnership journey. Pray for the nation of Thailand to become more open to the gospel as they continue to move towards a stronger tomorrow. Pray also that God would continue to guide the Wylies as they parent three young children.
